Church Lane Field Updates- Capital Request - (LMYA covering majority) Hosting Regionals for Jr Legion in 2020- need to improve the park- will happen end of May- create a traditional backstop/netting- need to move fences back against the dugout - then allow for bleachers- adding mulch/gravel- parking behind that area. \$5,000 expense for this renovation project (Fencing). Could be done by the end of Legion seasons.

Getting quotes- trying to get some donations of time/material - put signs up for the company. Could run a capital campaign, or budget for it- how about the school/AD contribute for field improvements. When can we get numbers from LMYA? Net is \$9000 (LMYA) wood (LMYA) gravel/mulch (LMYA) have paid for a lot.
